

Maculopapular Rash with fever
and arthralgia in Primary Care
*Dr Feroz Khan , Specialist Family
Medicine, Mediclinic Dubai.*

Background:

Maculopapular rash with fever & arthritis is a frequent finding in an Out Patient Department care , A careful evaluation of history, clinical signs and methodological approach can guide us in the right way.

Discussion on SLE:

SLE Systemic lupus erythematosus is a multi system inflammatory disease secondary to autoimmune cause producing various autoantibodies, although the exact cause is still unknown etiology- multifactorial
